Reason for Delay –

RMA continues to work with the Department of Justice regarding the outstanding portion of this request that was generated in relation to an ongoing case with Federal criminal and civil implications. The request entailed the production of specified reports and studies that have been provided. The other major component was a request for "decisions and enforcement actions with respect to Approved Insurance Providers since 1997". The 2008 Farm Bill contained confidentiality provisions concerning producers and the crop insurance program has traditionally withheld business information about insurance providers to the extent that the release of such information could provide unintended marketplace disruptions. In addition, the case continues to be discussed by both parties with the intent that the issues may be settled. RMA will provide the requested information when the degree to which we can legally divulge such information is determined or the case is settled by the parties.

RE: Freedom of Information Act Request 10-18

Dear Mr. Raul.

This will acknowledge receipt of your letter dated October 29, 2009 received on November 16, 2009, requesting information under the provisions of the Freedom of Information Act (FOIA). For your information, your request has been assigned FOIA tracking number: 10-18. Please refer to this number in future communications regarding your request. Specifically, you are requesting information as specified in your letter, items A – D.

Pursuant to 5 U.S.C. § 552(a)(6)(A)(i), FOIA regulations, we are required to respond to your request within 20 business days from receipt of your request. However, extensions of time are allowed when it is necessary for the processing office to search for and collect the requested records from field and other offices. The Executive Planning & Administrative Support Branch is the office responsible for processing FOIA requests for RMA, and as the processing office, we do not maintain the documents. Therefore, it is necessary to search for and collect the documents you requested from the various Offices within the agency. Because of this delay, we require an extension of 10 business days to process your request

We consider you to be in the category of "Commercial Requester", who may be charged fees for searching for documents, reviewing the documents, and duplication. Fees in excess of \$25.00 will be charged for searching, reviewing and duplicating documents responsive to your request. If you have any questions regarding your request, please call me on (202) 690-5701.

Sincerely,

Terrie L. Ray

RE: Freedom of Information Act Request 10-18

Dear Mr. Raul:

The Risk Management Agency (RMA) is providing this status report in response to your Freedom of Information Act request dated October 29, 2009. Inasmuch as your request covers nearly 13 years, RMA is continuing to gather the available information responsive to your request. We hope you appreciate that trying to process such an expansive request during the holidays has presented some unique challenges as well. Following is a status of each of your lettered requests.

A. Maximizing or Obtaining Optimal or Desired Participation in Crop Insurance Program (sic).

RMA has requested that Product Management in Kansas City compile this information and that effort is in progress.

B. Compliance Decisions or Enforcement Actions with Respect to Approved Insurance Providers.

RMA is compiling a spreadsheet in response to this request to indicate the general location, number, and types of errors identified on policies in the Compliance database. Once RMA provides this data to you, we will be able to discuss whether any modifications or additions can be made without jeopardizing information covered under the Privacy Act.

C. Specific Standards, Policies, Reviews, Decisions, Etc.

RMA will provide in the spreadsheet referenced in B. the types of errors noted during each policy review.

D. Fraud, Willful, Non-Compliance, Error Rates.

RMA is preparing copies of the annual Improper Payment and Information Act of 2002

reports for your review. These reports will indicate an observed error rate for the crop insurance program based on a random sampling protocol.

RMA appreciates your patience in this matter and will provide the requested information as soon as possible.

Ms Ray. Another option could be to copy to CD or DVD. That will accommodate very large files. Thanks. Alan

Mr. Raul,

I have tried to send you the 22 e-mails associated with your requests and have received a failed notification notice because the files are too large. They are even too large to put on a flash drive that we would have to fit. I am afraid if we have to print out the documents at .20 cents per page it will make an unnecessary cost. I spoke with Sharon Taylor to see if your e-mail administrator could expand your e-mail to except larger files. In the meantime, all I am sending is the FOIA response that was to accompany the records.

I will continue to work to see what can be done.

Terrie
